

Join us for an adventurous summer of dynamic themes and fun in the sun!

Week 1 : Happy Birthday America!

June 29-July 3

"Oh say can you see" ... how much fun we'll be having as we celebrating the 250th Anniversary of our nation's Independence Day. Yankee Doodle will ring through the halls as children sing their hearts out to a selection of classic patriotic tunes. The campers will learn about Betsy Ross, the creator of the very first American flag, as well as the flag's significance as we create a flag of our own!

Week 2: Little Diggers & Pollinator Pals

July 6 - 10

Join us for a week of buzzing fun! Little gardeners will explore the soil, plant their own seeds, and go on daily bug hunts to find ladybugs, beetles, and bees. Through games, crafts, and songs, campers will discover how bugs and plants help each other grow!

Week 3 : Medieval Times:

July 13- 17

Once upon a time in the magical city of Waldwick a summer camp was miraculously transformed into a far away land! In our third week, fairy tales come to life as campers become knights and princesses of classic enchanted stories. Dragon slaying, damsels in distress, and tales of extraordinary journeys are sure to excite!

Week 4: Superhero Training Camp

July 20 - 24

Welcome to Superhero Training Camp! Young heroes will build confidence, teamwork, and creativity through fun "training" activities like obstacle courses, cooperative games, and movement challenges. Campers will design their own superhero costumes and explore imaginative play inspired by their favorite superhero characters. Every child learns they have unique powers that help them shine!

Week 5: Rainforest

July 27 - 31

Our Rainforest adventure will begin as we explore the forest floor. Students will learn the different layers and the animals that call the rainforest their home. In science we will learn about the climate and how it shapes the animals and plants that use the rainforest as their habitat. Watch out for slithering snakes, talking toucans and magnificent monkeys! Campers will even make their very own rain sticks to reproduce the sounds heard throughout the forest.
